INSTRUCTIONS for Korjo LSC 96 – Lockable Luggage Strap

The Combination is factory set to 0-0-0

To set your own combination:

1. Open the Buckle on 0-0-0
2. There is a black button on one side, level with the tumblers
3. Press and hold that black button while changing the numbers to your desired combination
4. Only release the black button when you are happy with the new number.
5. Do not forget your new combination, as there is no master re-set available.
