Press the lock button push out the plug2. Fit the extra plug to the foldable US, push them in <p> Waste electrical products should not be disposed of with household waste. Please recycle where facilities exist. Check with your Local Authority for recycling advice.</p>	<p>Compatible countries & regions</p>  <p>US USA, China, Japan, Panama Mexico, Philippines, etc.</p>  <p>EU Germany, Denmark, France Finland, Norway, etc.</p>  <p>AUS China, Australia, New Zealand Argentina, Fiji, etc.</p>  <p>UK UK, Singapore, Malaysia Maldives, Myanmar, etc.</p>	<p>Cautions</p> <ol style="list-style-type: none">1. Short-circuit protection. When the circuit breaks down, short-circuit, the power is cut off in time when the circuit generates a large current instantaneously to prevent equipment damage and accidents.2. Easy to see LED to indicate the Power Adapter is operational.3. Ensure that the Power Adapter has sufficient airflow around it to prevent overheating and damage to adjacent objects.4. Never force the connectors into the USB slots or wall power outlets. If the connector and port do not join smoothly check to make sure the connector matches the port and both are correctly aligned.5. Clean the Power Adapter with a clean dry cloth, keeping the metal contacts clean will also help maintain performance.6. If the LED status indicator does not light up make sure that the unit is properly plugged into the wall. If the indicator still fails to light up the unit may be defective. <p>This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation.</p>  <p>Made in China</p>
